There's no time for loving, kiddies!

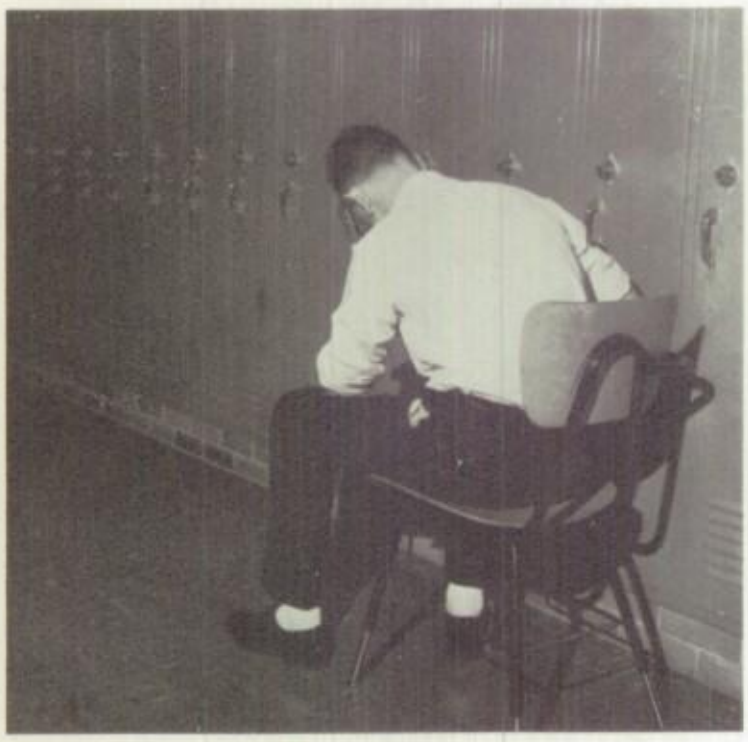
Better late than never.

Our next record will be . . . .

Hands off the grub fella!

"I pledge allegiance . . . ."

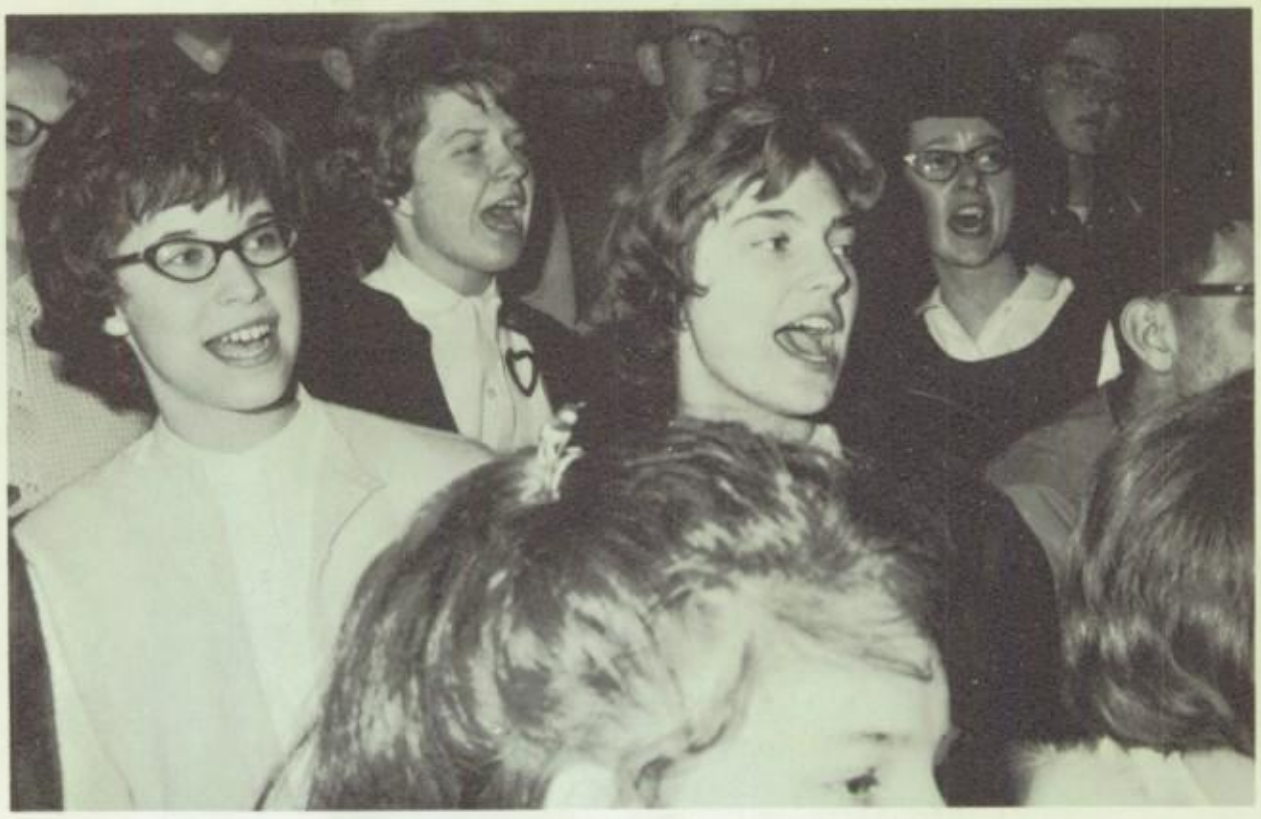
Now students, it's like this.



We studied in the hall.

Our calendar in lobby.

Winter's snow provided a frozen mascot.



We cheered long and hard!

We honored those leaving.

We worked in the hall.

We worked with our hands.

# Cooks

Left to Right: Mrs. Marie Sutter, Mrs. Ruby Silvers, Mrs. Lauretta Stohr.

Pork pinwheels, ravioli, hamburgers, and chop suey are just many of the delectable dishes which greet L. H. S. students each day as the cafeteria cooks strive for variety in the balanced meal. Taken into consideration also the appearance of the meal on the tray.

The catsup may disappear, or the hamburgers may seem to fly away in the middle of the rush but the cooks work on to satisfy the many varied tastes of all the students.

# Custodians

These versatile men, called custodians, are responsible for the excellent condition which L. H. S. is kept in. Many times a broken window, a balky furnace, or a maladjusted desk will disrupt their general routine.

An ordinary day in the life of a custodian is playing the role of a carpenter, locksmith, plumber, gardener, housekeeper and what ever else a situation demands.

# Seniors

# Senior Decisions

Working at a satisfactory occupation.

I can't make up my mind.

Now which college would best suit me?

Freedom, graduation is coming!
No more study, no more books,
That's all past, just the future.
The glorious future!
Future?
What will it bring,
What will I do?
The army, a home, a college
Or a job, or what, what?
Well, it will all work out,
Things always do.
Confidence, confidence
Uncertainty, maybe.
It's so close, independence,
Maturity and responsibility.
That's the future!

Home, a family, a great responsibility.

The army, how about it?

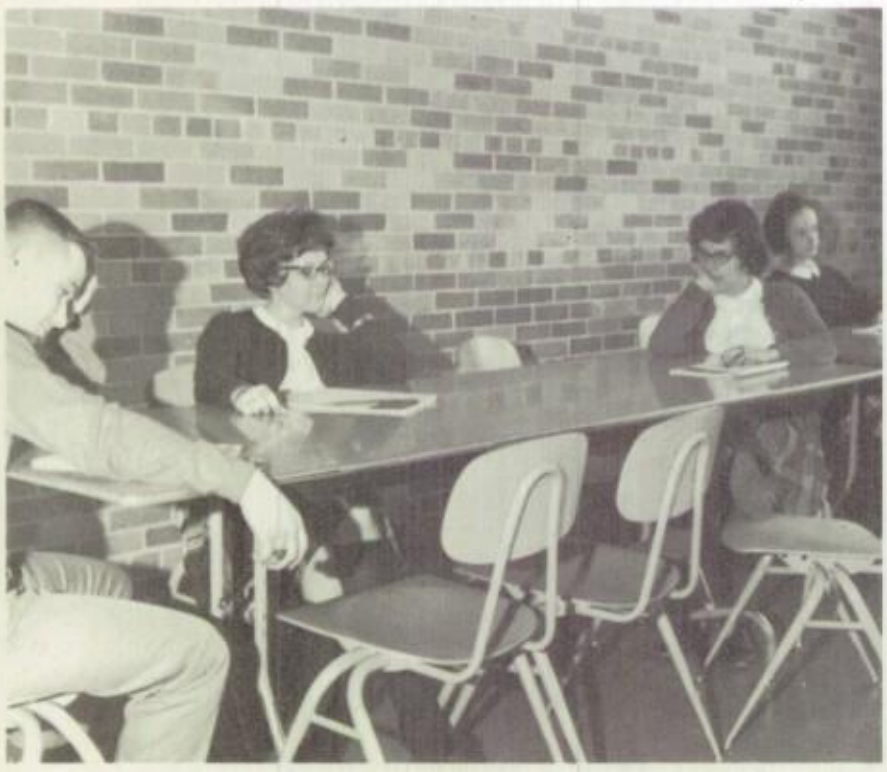
Do not open yet.

Now what does that mean?

H'mmm . . .



Phew! That's over!

The morning has arrived,
Oh, I wish I hadn't stayed out so late!
H'mm, I wonder what it's like,
Some said, "Real tough,"
Others said, "It's a snap."
All these rules,
Do these write on that line,
Now what was my name?

One more hour of this, and I'll . . .
It's done, finished!
Gee, that section on math;
Or the English part,
And did you know what "xanthate" meant?
I wonder what my score will be,
How will I compare?
I wonder, I wonder . . .

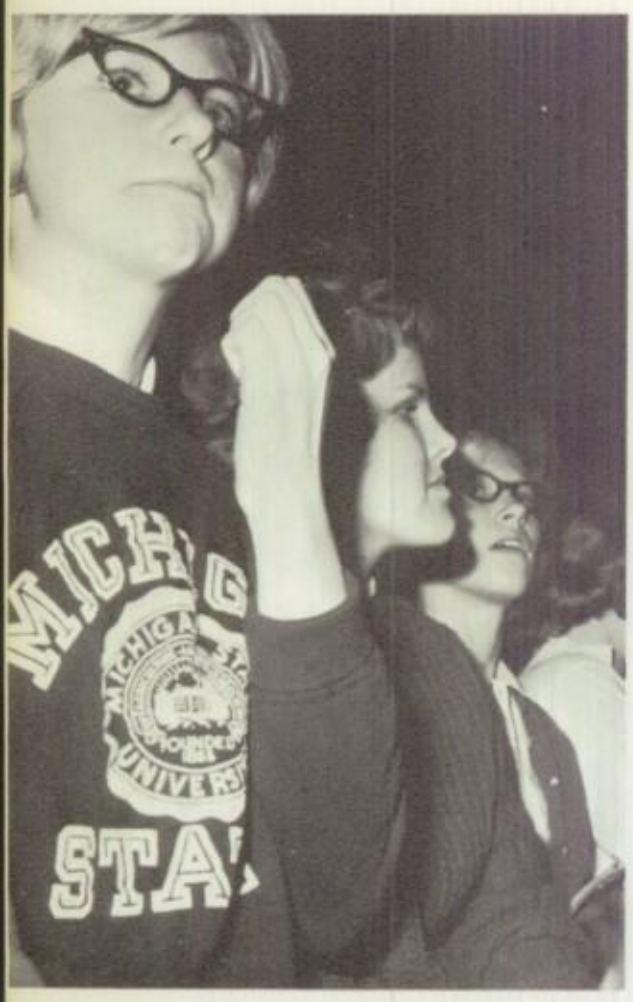
# Sophomore Spirit



Come on - - - -

team

let's go

We did it!

Basketball season is here!
It's Friday night again
And everyone will be there.
The band plays the Star Spangled Banner,
The team enters, and excitement!
Twirling Cheerleaders, orange and black pompoms,
And yell, yell, yell!

Stinging hands, swirling heads,
The team calls time-out.
Deafening silence for one moment;
But, on again the game continues.
Mass cheering, vivid tension,
Spirit to the end, never failing,
Ever present spirit.

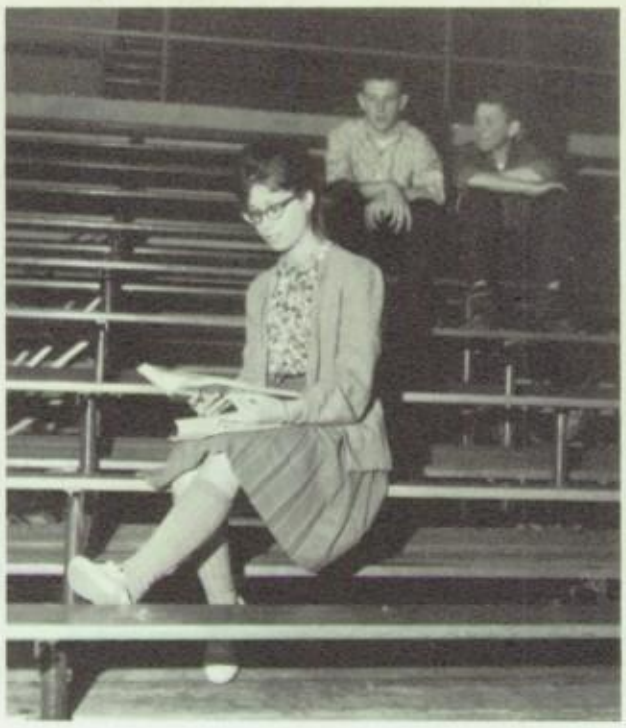
# Freshmen Friendship

On the steps I paused



I glanced about me

And presently discovered

ACQUAINTANCES we made
On the steps I paused
And with melancholy turned.
I glanced about me
And presently discovered
That school breeds unhesitating friendships.
I had imagined that
Loneliness would remain.
But very soon all thoughts of home
Had faded from my mind.
One simple conversation makes a bond
Between two strangers.
One smile forms a bridge across the gulf
Of loneliness.
That day I made so many new acquaintances.
The school in which I spent my days
Became my world.

That school breeds unhesitating friendships.

# Underclassmen Highlight

"Now where do I put this?"

"Ooops! There it goes."

Steel case, handy little thing,
Everyone should have one.
Handy? Really?
Jammed doors, crumpled books,
Torn papers, chewed pencils.
Handy? Really
Open the door,
(learn the combination first)

Place in neat, orderly, fashion,
Easy to locate, never lost.
Handy!
Open the door, they all fall out,
Scatter across the hall, kicked around.
Handy? Now, really!

"I gotta hurry, before the bell rings."

# Homecoming

"Indian Summer" was the theme chosen by the Junior class for the 1962 Homecoming. The traditional festivities started on Thursday night with a snake dance that wound its way to Culver Park for the annual bonfire. On Friday the celebration really began with the parade through the decorated streets of Ludington.

At Oriole Field the Mayor, Mr. Johnson crowned the Queen officially and Homecoming began. After the game which was attended by capacity crowds everyone went over to the Oriole Hall for the dance. Mr. Plank serving as "Master of Ceremonies" introduced the Court and their escorts. After Sharon and Doug danced the traditional first dance alone, the rest of the students and alumni joined in to spend the rest of the evening dancing.

## Flower Drum Song

Flower Drum Song was the theme of this year's annual formal dance sponsored by the Tri-Hi-Y. Two hundred and fifty couples enjoyed music played by the Glen Sullivan Orchestra as they danced in the China Town atmosphere.

A red and gold pagoda decorated the floor of Raymars creating a romantic Chinese setting. The sparkling glass globe suspended from the ceiling cast its colored lights among the dancers.

The entrance was decorated with pink blossomed trees. A bamboo curtain with Flower Drum Song printed on it was hung in the doorway. Japanese lanterns were suspended from the ceiling.

Couples pause for a moment of conversation during the evening's activities.

Girls in oriental attire served the refreshments.

Refreshments which included fortune cookies and punch were served by girls dressed in Japanese attire.

The 1962 Winter Whirl was enjoyed by all and will not soon be forgotten

# Majorettes

Ludington High School Varsity Band, under the direction of Mr. C. Howard Hornung, successfully completed another activity packed year.

In the fall, the band presented a wide variety of entertaining halftime shows at Oriole Field. Traveling to Manistee, the band boosted the ego of every student and faculty member with their exceptional performance. Another fall activity was the trip to Michigan State University where Ludington band members participated in the annual band day festivities. The culmination of the football season arrived as the band presented a show at Oriole Field in combination with the Cadet and Junior bands with the guest band as Cadillac

As a special winter trip, the band traveled to Detroit where they were featured as the solo band on coast-to-coast television. Their half-time show was a special event at the Lions-Colts football game.

Contest began a hectic two months of intense individual and group work . The Solo and Ensemble Contest, held at Mesick, featured students from all bands. Scottville was the site of Band Festival where the Intermediate, Cadet and Varsity Bands received their division ratings.

During the spring, the Band held various combined concerts. Grand Rapids was a featured band under the direction of guest conductor Ovreguard. An exchange concert between Manitowoc and Ludington proved an exciting venture for both bands: May finding Varsity students in Manitowoc and April presenting the Manitowoc in Ludington.

# Pep Band

Who leads the snake dance? Who livens up the pep assemblies? Who helps buoy our school spirit at basketball games? That's right — the pep band.

This year this small organization of individuals has been under the direction of Glenn Birtwistle. Weekly practices are held Tuesday or Thursday nights at the band building.

Many offers have been made for these students to perform at various out-of-town games in order to promote the school spirit of the students.

# National Honor Society

Recognition of superior leadership, character, service and scholastic ability is the main purpose of the National Honor Society.

Membership in the Society is hard work. The student must have and maintain a 3.25 average. They must show qualities of leadership and service in extra-curricular activities and classroom participation. Each year deserving juniors are inducted in an impressive ceremony.

Throughout the year the National Honor Society also sponsors various activities and promotes new educational ideas.

# Student Council

S.T.C.C.

The Student-Teachers Co-operative Commission, known to most as the S.T.C.C. is the governing body of Ludington High School. Meetings are held once every two weeks in the health room.

The commission includes a mayor, clerk, treasurer, prosecuting attorney, chief of police, four justices, three commissioners-at-large, and a commissioner representing each of the four classes in addition to members of the faculty and administration.

Members of the council help to make and reform the school policy and take part in various activities, including the homecoming parade, assemblies, and the annual school elections.

Any student who has a free period is welcome to sit in on the meetings.

"And your heart shall be blessed with the Sound of Music. . ."

Under Irving Prescott's able direction, the sixty-seven members of the LHS Choir, spent scores of hours diligently rehearsing their repetoire. Through their determination, the group attained a goal of perfection seldom reached in a high school choir.

The Choir started out the year with a concert at Pentwater and then continued to practice for the Christmas concerts and their very successful television appearance on WWTV in Cadillac. A large item on their agenda this year was the concert of the Oratorio Elijah. With the co-operation of Thespians and other students and teachers from the school, the Choir very successfully presented a delightful musical production, which also helped them in their fund for the annual Chicago trip.

Each year the Choir sponsors a line of dances, suppers, carwashes, baked good sales, concerts, and pamphlet-peddling for local merchants to earn money for the Chicago trip. While in Chicago, the Choir sings at the Chicago Temple, Lockwood Church, and several new places of appearances, including impromptu concerts in hotel lobbies.

# Student Court

His story sounds a little fishy to me.

Student Court, the law interpreting body of Ludington High School, gives the participating students a chance to view the working of civil court. A person receiving a ticket from one of the student police must report to the court at the convening time. He is sworn in by the prosecuting attorney and presents his case to the justices who, in turn, decide a form of reprisal.

It has been the policy of the Student Court in connection with the Student Police to warn the students, thus limiting the number of tickets issued.

'A' is for awful, 'B' is for bad,
'C' is for crime, and we hereby
charge you with loitering.

Punishment will be 25 cents and a one thousand word theme on "Why I Shouldn't Loiter". Next case please.

# Monitors

One of the most reliable groups in our school system, yet least recognized, are the hall monitors.

Each is assigned a position in the hall and, with a cheerful smile, is always ready to assist a bewildered freshman or direct visitors to their destination.

Monitors do errands for the office and teachers by picking up absent slips from each room and delivering messages during classes. They also aid the student police by asking for passes from wandering students.

The difficult job of keeping law and order at L.H.S. lies in the hands of the Student Police. The organization, functioning with the Student Court, is under the direction of Mr. Albert Johnson.

The students participating do an outstanding job not only safeguarding students' safety and property but also adults at the football and basketball games.

Those students failing to conform with the rules set up by the S.T.C.C. and Administration are issued tickets and must appear in court.

# Junior Classical League

"The glory that was Greece and the grandeur that was Rome" come alive again with chariots, banquets, togas, and slave auctions. These activities in Junior Classical League help Latin students to better understand the civilization, art, language, and literature of the Roman people.

Saturnalia brings to life the ancient festival of Saturn. A slave auction, resembling those commonly held in Rome centuries ago, with chariots and actual auctioning. Various pageants and plays presented at the regular meetings help members to see how the present civilization parallels with ancient one.

A Roman style spring banquet is the main highlight of the year. Complete with white togas, spring flowers and fruits "fit for the gods."

# Thespians

Thespians, troupe 1158, is an organization designed for the theatrical interested student. This includes students not only with theatrical and dramatic abilities but also those interested in backstage work.

Ten points, received by participating in a dramatic event such as the senior play or the all school play, must be earned in order to become a member.

The annual banquet, sponsored by the club, is an annual event in which new members are initiated and awards given.

A life time membership is given only after much hard work, but the honor of being a Thespian is great.

Left to right—JoAnn Macklam, president; Patsy Moore, vice president; Helen Dennis, secretary-treasurer.

# Spanish Club

A new but very active organization has joined the group of L.H.S. clubs. The Spanish Club is under the direction of the Spanish teacher, Mrs. Neinhuis. The goals of the club are to promote interest and understanding in Spanish-speaking countries through extra curricular activities.

Spanish meetings are held on the first Monday of each month at which time there is a business meeting, program, and refreshment period.

We hope for increased interest in the club in the coming years.

Left to right—Ron Root, president; Jack Cronenwett, vice president; Karen Maskal, treasurer; Julie Nickelson, secretary.

**Lakeside Printing Co.**

# Art Club

Left to Right—Sally Nielson—Vice President  Joyce Ebner—Treasurer
Janice Cutler—Secretary  Jane Cassan—President

The fascinating world of art intrigues all. By participating in the various medias of art many find pleasure and relaxation. This avid interest in the arts is revealed by the large amount of members in the Art Club.

Anyone having a real interest in art is welcome to join. The meetings consist of a business meeting followed by a program. Demonstrations in oil painting, water color, and sculpturing in addition to movies on the various phases of the fine arts are presented for the enjoyment of the members.

Members work diligently sponsoring dances, car washes and candy sales in an effort to raise money for the annual trip to Chicago.

This visit to the Windy City is the highlight of the club's activities according to most members. During their stay in Chicago students visit sites of interest pertaining to art, either past or present. Included among these sites of interest are Chicago Institute of Art, a design studio, Oriental Institute and a lecture tour.

# Library Club

The goal of the Ludington High School Library club is to foster the advancement of knowledge concerning the everyday functions of the library. Members of the club also gain useful experience and contribute many educational books to the library.

Members of the library staff learn the varied responsibilities of keeping the library in efficient working condition by spending one hour a day in the library. Other duties of a librarian include checking out books, shelving them, mending torn volumes, and helping fellow students to learn the placement of books and reference materials.

The L.H.S. Library Club, which is sponsored by Miss Kathryn Stanford, is a member of the Student Library Association of Michigan.

Left to Right—Eleanor Morgan—Treasurer  Louella Taylor—President
Sue Cooper—Secretary  Loretta Luedke—Vice President

# F.H.A.

The initials F.H.A., to the students of Ludington High, stand for the Future Homemakers of America.

Preparing girls for the art of homemaking is the purpose of the Future Homemaking. This club supplements class work about the important task of being a wife and mother.

To be eligible for membership a girl must have taken, or be taking, a class in home economics.

The group is affiliated with the National F.H.A., which has its headquarters in Washington, D.C.

This year the sponsor of the club is Miss Sally Moffet, a homemaking teacher and past Mason County Home Extension Agent.

Back row—Jean Gillette—Vice President  Patricia Soli—Treasurer
Christy Johnson—President  LeAnn Moore—Parliamentarian
Front row—Helen Lange—Historian

# F.T.A.

The Future Teachers of America is an organization kindling an interest in the profession of teaching.

Through the cadet teaching program, members are allowed to view a teacher actually working on the grade level that interest them.

The Future Teachers also have a chance to visit and talk with the student teachers, and hear and see guest speakers and films on teaching techniques and qualifications of a good teacher. The F.T.A. always keeps in mind the importance of the educating system of our future years to come.

# Tri-Hi-Y

Tri-Hi-Y, affiliated with the national YWCA, is a club for high school girls. Its main purpose is to create, maintain, and extend throughout home, school, and community, high standards of Christian living.

The club's social activities vary widely from sponsoring the annual Winter Whirl in December to helping needy families at Thanksgiving with a basket of food.

All girls are welcomed to attend who help carry out this purpose.

# F.F.A.

Future Farmers of America club was organized in 1959 under the direction of Mr. James Dittmer. It gives boys studying vocational agriculture a helping hand in leadership and a better understanding of country life.

This year members have been studying and practicing parliamentary procedure as well as the maintenance of the Ludington High School forest.

Future Farmers is a non-profit, non-political group, functioning as an aid and a friend of the vocational agriculture student.

# Y.F.C.

"Educate in Christ" is the motto of these busy students, who are striving to fulfill the commandments of God. Members of the Youth For Christ Club feel that it is "essential for Christian youth to have an activity revolving around their faiths and beliefs within the school system.

Held during fifth-hour noon each Friday, the meetings range anywhere from skits to public speakers, involving a variety of subjects. The main purpose of the club, other than to provide Christian fellowship, is to work toward Christian sects, as well as to find their places in God's world.

# Pep Club

Peppy . . . . ambitious . . . . capable . . . . may well be used to describe Ludington High School's Pep club. This club is noted for being one of the most energetic school organizations.

Arranging Pep Assemblies, sponsoring buses to out of town games and promoting school spirit are among the projects taken into the capable hands of its members.

Through its many projects and encouragement of school spirit, Pep Club has proven itself very beneficial to our school.

# Girl's Athletic Association

GAA, Girls Athletic Association, encourages more active participation in sports by the girls of the school. An "L" is awarded to each girl who earns 500 points and an emblem to each who earns 200 points. Points are earned through active participation in the volleyball, basketball, and badminton programs scheduled by the group. Various athletic activities which can be done outside of the school also count in points. The year is climaxed by the annual Award Banquet.

# Varsity Club

The Ludington High School Varsity Club consists solely of high school lettermen. All boys earning a letter in either varsity sports competition or varsity team management are to join the Varsity Club during semi-annual initiations held in the spring and fall. In addition to an annual trip and banquet, the club also donates various pieces of equipment for the betterment of school appearance. In order to raise funds to support these functions the Varsity Club sponsors dances and car-washes as well as maintaining the concession stand at all home basketball games.

# F.N.A.

The Candy-stripers, helping at the hospital or blood bank, are products of the Future Nurses Club. This club was organized for those who wish to learn more about the field of medicine and nursing.

Throughout the year guest speakers attend meetings of Future Nurses. These people add to the members' knowledge of nursing, sanitation, and other aspects of the medical field.

Annually the Future Nurses Club takes a spring trip to a large hospital in, or near, Michigan. Another high-lite of the year is the pinning ceremony at the last meeting of the year. At this time a pin is given to the members attending 75% of the meetings, and guards to those who have been members one year or more.

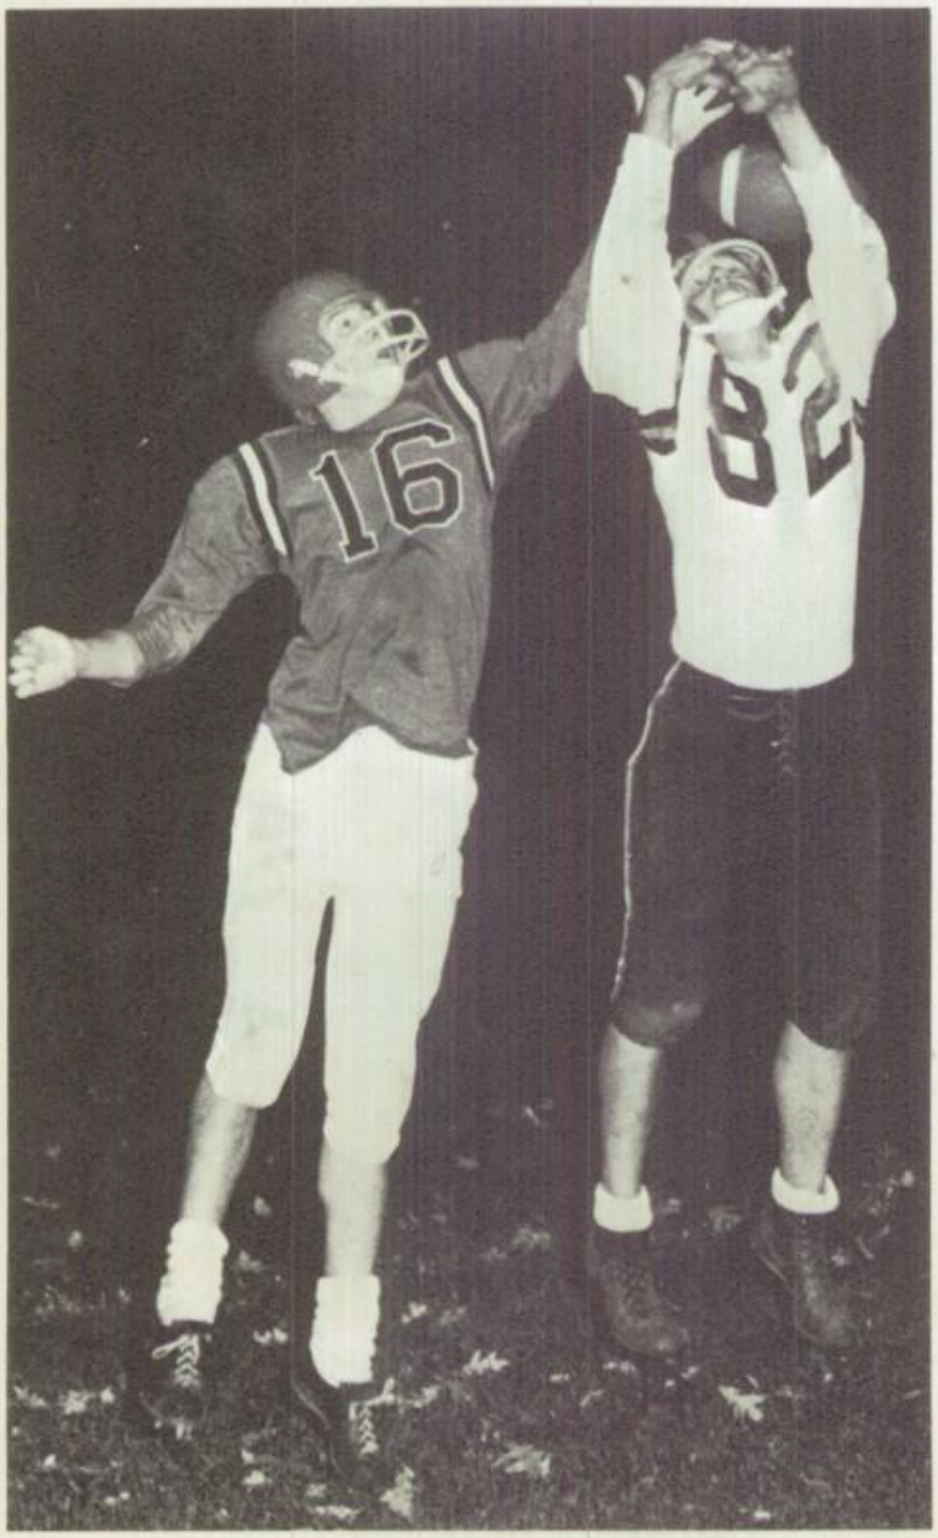
# Football



Keep your hands to yourself.

Coach May said at the beginning of the year that the team he had to work with was as green as grass. However, what they lacked in skill and experience they made up for in determination. Although their season's record fell short of previous years, the Orioles continued to show improvement throughout the entire season.

Without competent coaches, a team can never develop. This years more than competent coaching staff included head coach Stuart May, and assistant coaches Don Schierholt and Terry Mack. His first year in the Ludington school system, Coach May might have been disappointed with the teams record. but he could not possibly have been disappointed with the determination and team spirit shown by the Orioles during the season.

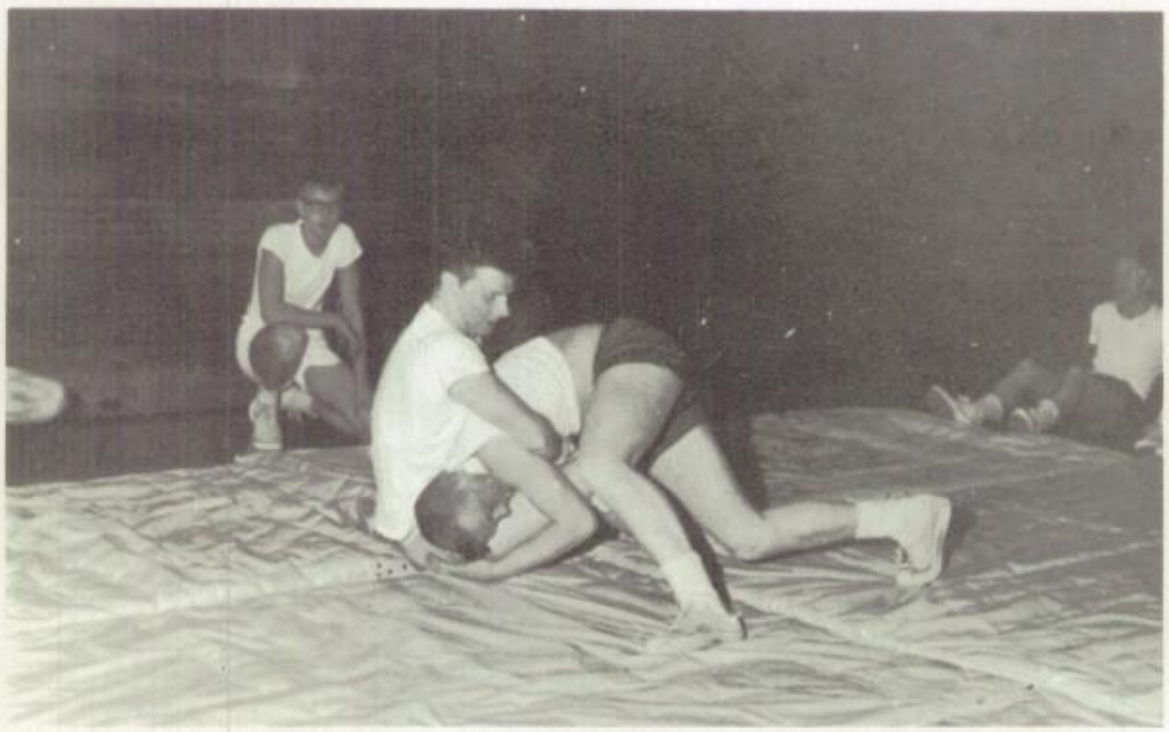
# Boys' And Girls'

And let's do this with vim and vig ah.

"Now girls, get in formation.
Count off! One, two, three, four.
Forward march! One, two . . . .
Ten, eleven, twelve.
Up, down, twist, bend,
Cross-over, on the floor,
One last exercise before we start.
Puff, puff, phew, I'm tired!"

"Put a handle on it, stick it with a fork!"
Let's put a little action into it.
Okay, everyone, fifty push-ups.
Wow, I'm really out of shape.
Exercise, one, two, three . . . .
Over the hurdles.
'You jump like you got lead shoes!'
Down on the mat.
'You tumble like a salad!'



This is hard on the head.

# Physical Education

All right, don't crowd, just jump!

This is the way we kill ourselves . . . .

Wish my arms were shorter.

Seen through the eyes of a camera, this picture appears to represent a lightened school, ablaze with the hum of activity. A closer look, however, would reveal the true heart of this body as being the students. Without their presence, a school is an empty, desolate, structure: cement, wood, desks and chairs, blackboards and chalk, all are lifeless utensils until coupled with eager, searching minds. May the light of this unique quest of knowledge and the desire to project thoughts to others never be dimmed.
